

HUERTA DELEGATES CONCERNED ABOUT ATTITUDE OF U. S.

Niagara Falls, Ont., June 6.—A conference between the American delegates and the A-B-C mediators scheduled for today, hope that some light might break through the clouds that have shrouded the conference for several days, was held.

The Mexican delegates are deeply concerned over the action Secretary Bryan may take as to the landing at Tampico of war munitions for Carranza. They cannot understand the attitude of Washington in first urging that the peace conference be open to the rebels and then permitting the landing of arms for the constitutionalists, when it is generally understood that Carranza must agree to an armistice.

The mediators are still hopeful and they say peace cannot be forced upon anyone who does not want it. Carranza is trying their patience.

Steamer Antilla Movements Watched

Washington, June 6.—Before the steamer Antilla with her cargo of arms reached Tampico the latter part of this week a definite plan regarding her reception will have been reached by this government. This was admitted today, but it was denied that orders to the steamer or any other vessel carrying arms to Mexico was made.

Secretary Bryan denied he had received any protest from the mediators protesting against the landing of arms for the constitutionalists.

Consul Lansing of the state department has made an exhaustive examination of international law covering shipments of arms and has reported the result to his chief.

It was reported that the Chilean minister at Niagara Falls was not in accord with his fellow mediators. He is reported as saying the United States is not giving the mediators its support and that he favors abandoning the conference altogether.

The Spanish ambassador has prepared for the use of the Huerta commissioners much data to bolster up the alleged rumors that the administration has been aiding Carranza in secret ever since the mediation plan was initiated.

It appeared today that the mediation proceedings had been halted for several days. Carranza is taking his time reaching Saltillo where he is to establish headquarters. Meanwhile the mediators are awaiting a reply to the latest note sent him.

Villa Has No Ambitions

El Paso, Texas, June 6.—Gen. Francisco Villa, commander in chief of the constitutionalists, who is reported to be an issue in diplomatic passages between the United States and England, made reply to the representation from the British foreign office that he would be held to account for the murder of Wm. S. Benton if he becomes president of Mexico.

The attention of Gen. Villa was called to London dispatches

which stated that Sir Edward Grey had sent a strong note to President Wilson declaring that England would demand full reparation for the killing of Benton if Villa became Mexico's president.

Gen. Villa wired his reply to this city from his headquarters reiterating the statement he had frequently made in the past that he has no presidential ambitions. The text of Villa's telegram follows:

"I am sorry if any misconception on the part of Sir Edward Grey or the British public of the humble part I am playing in the great drama being enacted in Mexico should cause estrangement between the United States and Great Britain or be the cause of friction between two friendly nations."

"I have tried to make it plain that I am not ambitious to become president of Mexico. I will do nothing to prevent peace in Mexico at the earliest possible moment. If President Wilson or Sir Edward Grey or their respective governments do not quarrel till the presidency of 'Pancho' Villa furnishes a cause, they will remain friends forever."

Communications Destroyed

On Board the U. S. Ship California, Mazatlan, Mex., via Wireless to San Diego, Cal., June 6.—It was officially reported today that the constitutionalists have succeeded in cutting railroad and telegraph communication between Colima and Mexico City. Several hundred federal cavalry have arrived at Lower California from Guaymas.

Carranza Willing But

Washington, June 6.—That Carranza is willing to be represented at the mediation conference, was the statement at constitutional headquarters here today, but Judge Douglas, the legal representative of the junta, refused positively to say the rebel chief would agree to change his original position and agreement to mediate all of their differences.

The junta believes this administration will recognize Carranza as the logical ruler of Mexico and that he is now ready to take Mexico City, and should the mediation proceedings blow up there would be no war between this country and Mexico and that Carranza would take Mexico City within two or three weeks.

Poplarville, Miss., June 6.—In a duel fought at close range today John Lee and Boyd Ladner, farmers, were killed. Ladner shot Lee five times, but meanwhile Lee cut Ladner's throat with a knife. MASTER OF THE SITUATION.

SUFFRAGETTES BURN FINE MANSION AND SCATTER LITERATURE

London, Eng., July 8.—Another serious fire in the wake of suffragette incendiarism which is sweeping Great Britain is reported at High Wycombe.

Members of the suffragette arson squad burned Tylers Green, an elegant mansion which was tenanted at the time. The building was destroyed with a damage of \$40,000. Upon the lawn about the house was a quantity of suffragette pictures.

Some of the placards were warnings directed to King George. Others were such appeals as "Stop torturing women" and "Give us the vote."

Militants who attempted to disturb the second court at Buckingham Palace last night were foiled because the forgeries upon their invitation cards were detected by Scotland Yard detectives who were stationed at the door. Seven

forgeries were collected and the owners turned away. It is taken as a foregone conclusion that the "wild women" will try to break up coronations in many of the big London churches tomorrow.

Will Not Address Anti-Militants

Paris, France, June 6.—Colonel Roosevelt will not address an anti-militant meeting in London during his stay abroad. He politely declined today to address such a gathering at which the Bishop of Kensington is to preside. The invitation was extended by a member of the Woman's National society, an anti-militant organization. The former president said that his time in London, after his return from his son's wedding, would be so limited that he must decline.

BAPTISTS TAKE CRACK AT STYLES

Chicago, June 6.—"Baptist women are in many cases falling victims to the vulgar and suggestive styles of the day, and frequently our own houses of worship are suggestive of oriental harems rather than the churches."

The Chicago Baptist association in session here, took this fling at the 1914 fashion. The association also declared that the theatre was a "demoralizing institution," although admitting that about one-third of the Baptist ministers are theatre-goers.

ROCKEFELLER TOO FEEBLE TO TESTIFY

Washington, June 6.—John A. Garver, attorney for William Rockefeller, appeared before the Interstate Commerce Commission today to say that Rockefeller was too feeble to testify in the New Haven case. It is probable the commission will accept his statement and excuse Rockefeller.

Mr. Garver told of the serious condition of Mr. Rockefeller's throat and said that his physician told him that any contracted effort such as would be caused by giving testimony would bring about a nervous state that might result fatal. Mr. Garver said it was impossible for Mr. Rockefeller to write as he was afflicted with the palsy.

MISS JAY AWARDED \$20,000 DAMAGES IN RHODEHEAVER CASE

Chicago, June 6.—Miss Georgia W. Jay, a pretty blonde stenographer, was awarded \$20,000 heart damages by the jury that heard her \$50,000 breach of promise suit against Homer Rhodeheaver, choir leader for Evangelist Billy Sunday.

Rhodeheaver was not in court when the sealed verdict was opened and read. Miss Jay clasped her hands together and could not restrain from a little giggle of joy when she heard the verdict read.

In her suit Miss Jay alleged that she met Rhodeheaver in town and that they became fast friends, and finally he proposed marriage to her, and she accepted. Later she declared he refused to marry her because he said marriage would interfere with his career.

Miss Jay told of long strolls, taxi rides, dinners, etc., with the raven-haired singer at the trial.

The jurors declared after the verdict was read that the fact that Rhodeheaver admitted on the stand that he had hugged and kissed the pretty stenographer, led them to believe that an engagement existed, even if Rhodeheaver denied that he proposed during a taxi ride. The jury felt that \$20,000 was commensurate with the choir leader's promise as Rev. Billy Sunday's deposition was introduced to show that he was paid \$100 per week and traveling expenses. He is also interested in a hymn book publishing concern.

The defense's attorneys at once made a motion for a new trial and evidence on this will be heard next Saturday.

Pittsburg Strike

Pittsburg, Pa., June 6.—Large crowds of strikers gathered about the entrance to the Westinghouse manufacturing plant in East Pittsburg. As each workman entered the gates he was called upon by friends in the crowds to join them. There was some addition to the strikers. Twenty special policemen were on duty but there was no disorder.

The members of the various unions were holding a meeting this afternoon to decide whether to join the Allegheny Coking Industrial union in other industries should be called out in a sympathetic strike. Before taking up this question the miners appeared to all sides in the creek valley to close their saloons until the strike is settled.

Wilson Will Try To Adjust W. Va. Strike

Washington, June 6.—The board of conciliation, appointed by Secretary Wilson of the department of labor to try and adjust the differences between striking miners of the Kanawha coal fields of West Virginia were preparing today to leave for the strike district.

The conciliators are Charles W. Mills and Patrick Gilday, of Pennsylvania, representatives of the miners, and C. A. Paulkner of the department of labor. They expect to be on the ground to take up their work next week.

Miners Pleased With Step

Charleston, W. Va., June 6.—"We have not been notified by Secretary Wilson of the appointment of the conciliation board," said Thomas Haggarty of the International Board of the United Mine Workers, "but we are glad the department of labor has taken this action. We will present our cases as did to the coal operators, offering the original 21 demands. This will let the board act on all that we ask, not only on the proposition of the checkoff. We have no fear regarding the outcome."

R-E-A-L TESTIMONY GIVEN IN THE CASE OF SCHUMANN-HEINK

Chicago, June 6.—Depositions and his name for her was "Nonnie." Letters and telegrams, in which these names figured, were introduced into the records today. Mrs. Catherine E. Dean, of New York, strolled around Mrs. Dean's New York apartment in close embrace, kissing and caressing. "You are the main thing of all my life," she said, "and I love you all that I live in." Her name figured largely in the proceedings today. Mrs. Dean's "lover," Love's partner, "It was put name for Rapp was 'Billie' signed 'Billie'."

Mad Man Fortifies And Kills Police

Budapest, Hungary, June 6.—A mad murderer, August Tomsch, has since yesterday morning made an impenetrable fortress out of the village church at Steclany. Armed with a repeating rifle and 500 cartridges, he took refuge in the steeple after killing a farmer and his wife and wounding their daughter. Police tried to reach the murderer, but were met with a fusillade of shots which killed two and wounded 15 others.

This morning the man shouted from the steeple: "It is a good thing you let me sleep last night; now I have my fresh strength."

29 SALOONS CLOSE

Muncie, Ind., June 6.—Twenty-nine saloons will close tonight in this city as the result of the local option election held here March 9, when the city voted dry by a majority of 562. The vote tried in vain to have the election set aside on the ground that the use of voting machines was illegal.

This is an uncertain day but it improves toward night. If this is your birthday do not go to law or speculate or risk your money in any way.

Violet A Candidate For Commissioner

Yielding to the wishes of his many friends throughout the county, John S. Violet, prominent farmer of Valley township, near Lucasville, Saturday made formal announcement of his candidacy for the nomination to the office of county commissioner, subject to the decision of the Democratic primary.

No better selection for this important office could be made than Mr. Violet, who is thoroughly acquainted with the duties that would devolve upon him if nominated and elected, and pledges to give the same careful and business like attention to the public service that has characterized the management of his private affairs.

Mr. Violet is a farmer of the progressive type, the kind of a man who is needed to give the citizens of this county a progressive and at the same time a safe and sane administration of its affairs. He has been honored in the past with the office as president of the Scioto County Farm Association at Lucasville, a position which he filled to the entire satisfaction of all concerned. His popularity is not confined to the limits of his own township, and there is no question but that his presence on the ticket next fall would add character and strength to the party which he has so faithfully served.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by leucorrhoea it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At drug stores, 50c a large box, or by mail, The Paxton Toilet Co., Boston, Mass.

taken according to directions in a little milk or water just before meals stimulates the flow of saliva for the digestion of starches and the secretion of gastric juice for the digestion of other foods, thereby improving the digestion and assimilation of the food and giving to the system its full proportion of nourishment.

For all neural for those who are "run down," for persons who are suffering from such trouble, nervousness or similar ailments who need a real builder, use the whiskey system. Duffy's is certain to bring quick results.

REMEMBER GRADUATION DAY

Look back to the day when you were stirred with the pleasure and enthusiasm of Graduation Day. Think what it meant to you. Remember how you treasured and cherished Mother's Graduation Gift. Then think what it means or might mean to your daughter.

The graduation gift should be something distinctly "personal."

It may be serviceable, if you like. But above everything else it should be really lasting quality. We shall be glad to help you in the selection of a worthy and appropriate gift for Graduation Day.

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 2¢ a word each insertion—and the little ad is altogether likely to get for you what you want.

Woodmen Of World
Going Right Ahead

Eighteen applications for membership were received by the Woodmen of the World at the regular meeting of River City camp on Friday evening, demonstrating that the lodge is maintaining its reputation for progress which it has enjoyed ever since it was founded. One candidate, Theodore Chalm, was initiated into membership at the meeting. Much enthusiasm was manifested in the excursion trip to Dayton on July 12th at the meeting, and the indications for a record breaking crowd were brighter than ever before. Several non-members of the lodge will make the trip, as the excursion is open to all who care to go.

Announcement was made at the meeting that the degree team of River City camp, headed by Capt. L. J. Janetsky, would attend the ceremonies of the unveiling of the memorial tablet by the Woodmen lodge at Frederick, Ky., Sunday. A large number of the lodge members will also attend and the occasion promises to be a notable one in the history of the lodge in this section.

One of the most pleasant features of the evening was the surprise tendered Capt. L. J. Janetsky of the degree team at his home on Fourth street immediately after the lodge meeting, the occasion being in honor of his 22nd birthday. An elegant lunch was served to the assembled guests, at the conclusion of which speeches were made by C. C. Milstead, George Clifford, William Shump, Jacob Kah, W. H. Clark and William Highland, Mr. Milstead officiating as toastmaster. Capt. Janetsky was presented with an emblematic pin, the presentation speech being made by George A. Ditty. The popular young captain acknowledged the gift and the spirit which prompted it in a fitting manner.

Those who attended the pleasant gathering were Jacob Kah, C. C. Milstead, Taylor Collier, Henry Toler, George Clifford, Robert Janetsky, Sr., George A. Ditty, William Highland, Clarence Collier, William Shump, Fletcher Rankins, Richard Barber, Joseph Bailey, Gilbert Hamilton, Ed Metzger, W. H. Clark, Henry Highland, Jesse Cooper, Everett Wilkins, Oliver Cassidy, Scott Pool, Charles Wright, Chester Whit and Robert Janetsky, Jr.

The Successful Man

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Some other young man asks you get an admittance card. It's not the all important question. In the heart of the graduates if there is uncertainty, you could improve by sending enough cards to go round, your mind as your spelling is and they are compelled to send very poor for a girl of your age.

Dear Miss Wise—My brother and I received an announcement cards of the graduation exercises from a friend who is to graduate this year. But they did not send admittance cards. Are we excluded from the exercises? We are with a young man and do you expect to send a graduation present to him? He is about 21 and I am 19—unaccompanied. By admittance cards, I mean, how is my writing?

ANNIE'S GIRL.
It is not necessary to send a present at all unless you want to. However, some expensive gift.

If I were a fortune teller, I might answer you would be greatly appreciated by about seven million other little questions, Mildred, but as I am the sweet young graduates, I am the girls that have freckles on their noses, I cannot very well do it. They are only allowed a thin nose, I have a few myself. If the young man thinks enough limited number of admittance but they don't worry me any. I of you to keep company with you, cards and these are generally rather like them. They will gradually disappear as you grow old. You don't send him off by being and relatives of the graduates or. If you didn't freckle you, the anxious that he pop the eyes. They can have as many invite would get turned by the sun, and you are young and thin as they want, so that is I would prefer the freckles if I as one sees so many on display in you afford to wait until he or probably the reason you did not were you. Your writing is pre-

ty good for a 10-year-old girl.

—Miss Dolly Wise.—Dear Dolly where is the proper place to keep a rose jar?

MRS. R. L.
Keep it in your living room. It is ornamental when in good taste. Open it now and then after the house is aired to let the delicate perfume steal through the room.

If you leave it uncovered the fragrance will be overpowering for a day or two, then die out almost entirely. Shake the contents up when you uncover it. The aromatic odor should linger for years if the lid is kept closed.

Dear Miss Wise—There is a young man who annoys me very much. I am a little girl only ten years old, and I have had freckles on my nose ever since I was seven years old. They are ugly down street he insists on making me to try to take them off, or will they come off when I am older?

WORRIED GIRL.
Tell him that you will report him to the police if he annoys you further. Perhaps he will learn in time that being a gentleman pays in the long run, although some youths never can learn that lesson.

ANNIE'S GIRL.

Dear Dolly—I am invited to a box party and do not know what kind of a lunch to prepare. Can you assist me in this?

COUNTRY READER.

Arrange food for two people. Sandwiches, pickles, olives, cake, fruit. There is an endless variety of sandwiches, so have something unusual and dainty. Wrap everything in waxed paper and have the box pretty inside as well as out.

Dear Miss Wise—I am a 17-year-old girl and want to get an evening dress. I would like to have it made with a train but my mother thinks I am too young for a train. What do you think?

MISS BLUE EYES.
For a girl of 17 a dress without a train would be more appropriate. Trains are usually worn only at formal affairs, when a great deal of dressing is done.

Dear Dolly—What flowers would you suggest for porch boxes. They will be in the sun all day.

PANSY.
Geraniums, verbenas, and mimosettes like the sun. Would suggest that you get a florist to fix them up for you.

Anxious. I do not think the young lady in question would care to have her name polished in this column. Why don't you lend me there and ask the manager who she is, or ask the lady at the window. You could also find out about the music in the same way.

This wreath done in solid and cyclea embroidery and Italian cut-work is most effective. The flowers and leaves are solidly worked, with the dots as eyelids and the stems in the outline stitch. The ribbon and scrolls are closely buttonholed with the purling brought to the inside. The cross bars are formed of strands of cotton stretched from side to side and buttonholed across without catching through the material, which is cut away underneath. Use mercerized cotton No. 18.

DIRECTIONS FOR TRANSFERRING

In taking off these patterns, lay a piece of impression paper upon the material, place the newspaper pattern over this, and with a hard, sharp pencil draw firmly over each line. If the material is sheer it may be laid over the pattern and drawn off with pencil as the design will show through.

No patterns of these designs are available.

HARD AGAIN ACTIVE IN REPUBLICAN POLITICS

One of the interesting political developments of the week was evidence that former Postmaster Charles E. Hard would again become active as one of the leaders in Republican politics. Mr. Hard, during his postoffice tenure of eight years, has necessarily been forced to take a negative part in politics, but with his retirement from office and his resumption of the practice of law, it is expected that he will again become actively identified with political affairs.

Mr. Hard was noted for his attention to detail matters of organization and few men more thoroughly enjoyed the confidence of the Republicans of the county. Observers predict that with Hard's renewal of activity there will come a better and more thorough party organization than there has been for several years past.

PORTSMOUTH SHOE FACTORY STRIKE CALLED OFF

SHOE WORKERS CALL TIME ON TWELVE WEEKS FIGHT; ACTION TAKEN FRIDAY NIGHT

Portsmouth, O., June 6, At a mass meeting of the shoeworkers, held in their hall, Friday evening, June 5, 1914, it was decided to call off the strike, existing in the shoe factories. Said action was endorsed by Joint Council No. 9, U. S. W. of A. There will be a regular meeting of the Fitters' Local No. 92 Monday evening, June 8 at 7:30. All members are urged to be present.
(Seal) JOINT COUNCIL NO. 9, U. S. W. OF A.

By a vote of 73 to 21, members of the United Shoeworkers of America, in called meeting assembled Friday evening, voted to call off the strike then in effect against the Selby, Excelsior and Irving Drew shoe factories, and return to work. Over two hours was consumed in a discussion of the proposition to lift the ban of the organization off the three factories before the vote was taken.

As the meeting was a secret one, only members of the organization in good standing being admitted, the details of what took place were known only to those who were present, but it is reliably learned that the sentiment of the members was largely in favor of calling off the strike. This sentiment had been growing of late, but the formal action came as somewhat of a surprise.

Not one speech against the proposition was made at the meeting, it was reported, but twenty-one of the number, as shown in the tally of the votes, stuck to their determination to remain out until the matter was settled to their liking.

Organizer P. E. Turner, who has been here in an advisory capacity ever since the strike was called, left it to the judgment of the members whether or not they wanted to return to work. He urged them, however, whatever their course, to remain steadfast in their allegiance to their organization. The vote taken was by secret ballot.

Next Monday morning is expected to witness a large number of the old workers making applications for their old positions, but just how many of them who can be accommodated with employment at this time is probably doubtful. At the present time, all three of the factories have a long waiting list of employees who announced their intention of returning to work during the past week, and many of them, it is thought, will have to wait for some time for an opening.

Under the present arrangements, some departments are overcrowded, while others are short of help, so that the nature of work of the applicant will have a great deal to do with whether or not he receives immediate employment. The policy of the manufacturers during the past few weeks has been to build up an entirely new working organization, which takes time and in which limits the quantity of work performed for the sake of the quality. This policy will be rigidly adhered to for the remainder of the present season, judging from the statements of the manufacturers within the past few days.

A few of the members of the union have repeatedly stated that under no conditions would they return to work, and it is also certain that some of them will be unable to secure employment should they make application. The large majority of them, however, will eventually find their way back to their old places, it is believed, and conditions will once more assume a normal aspect.

It was at ten o'clock Friday morning, March 20th, just eleven weeks ago, that the army of shoeworkers, acting upon a call from the Joint Council of the U. S. W. of A., laid down their tools and went out on strike. This was done rather than agree to sign contracts submitted to them by the factories, binding themselves not to be a party to any concerted action taken against the factories during the ensuing six months.

The day before, letters to the individual employees were mailed by the companies, informing them that the companies had decided to abrogate the agreement entered into at the conclusion of the former strike, two months before, and advising them that all employees who had failed to sign the contracts by April 15th would be considered out of the firms' employ.

For the first few days of the strike, the scenes were peaceful, and no disorder was reported. However, on the evening of March 25th there was some trouble and from then on for several days followed stormy scenes, which culminated in the Selby Shoe company filing a petition in the court of common pleas for a temporary injunction restraining the strikers and all others from interfering in any way with the operations of the plant.

On Saturday, April 4th, Judge T. E. Peoples, of Painesville, after hearing the evidence and arguments of the attorneys in a hearing lasting several days, granted a sweeping injunction to the Selby company, which embodied in every particular the prayer of the company. The other two shoe companies followed immediately with suits for injunction, which were granted in the same sweeping character as in the case of the Selby company, Judge E. E. Cohn, of Ironton, hearing the cases.

By the operation of the restraining orders, the strikers were restricted in every way from interfering with the operation of the plants, which then started to work with limited forces. Daily acquisitions to the number of workmen were made, at first of small numbers, but gradually increasing until within the past month many workmen have returned to work.

The strike has been featured during the past month by the arrest of Organizer Turner and several of the strike leaders upon charges of contempt, growing out of alleged violations of the court orders, and they are now at liberty on bonds to comply with the provisions of the restraining orders. Appeal cases are now pending in the court of appeals in the case of Turner and five other shoe workers, who were fined by Judge Cohn for contempt.

P. E. Turner expects to leave Saturday for St. Louis, where the U. S. W. of A. is in the midst of a big struggle with the Hamilton-Brown Shoe company. Mr. Turner will assist in this strike and then go to New York City, where he will establish headquarters. He is expected back in Portsmouth at the September session of the court of appeals, at which time he will contest the decision handed down against him in the contempt proceedings. He stated Friday that he would be represented by the best possible legal talent.

He added that he endorsed the action of the Joint Council in calling off the strike, stating there was no other course to pursue inasmuch as the court's decision had been against the strikers in every instance. Mr. Turner, however, stated that the men and women had put up an exceptionally hard fight, and had lost mainly because of the court's decisions. He was favorably impressed with the fidelity of the strikers, and had no words of censure for those who broke faith with the organization and who were compelled by force of necessity to return to work before the strike was officially declared off.

Henry Ribble, president of Joint Council No. 9, U. S. W. of A., was elected as business agent at the mass meeting held on Friday evening. It is the intention to keep up the shoe workers organization and regular meetings will be held as in days gone by.

MAN IS WHIRLED AROUND A SHAFT

When the coat of a suit of overalls worn by Basil Hardgrove, employed as an airbrake machinist in the N. & W. shops in East Portsmouth, got caught in a revolving set screw of a valve grinding machine Friday afternoon he had a close call from being whirled to a tragic death. Before the machinery could be stopped Hardgrove was whirled around three or four times and he had a terrifying experience. So tightly was his coat fastened in the set screw that it had to be literally cut from his back. While Hardgrove was not badly hurt he suffered a mashed thumb and both ankles were bruised and he sustained contusions that will keep him off duty several days.

GOLDEN VOICED TENOR WILL SING AT BIGELOW CHURCH ON SUNDAY

According to advance notices and extracts from over 5,000 articles appearing in leading newspapers of Europe, Canada and the United States, Leon Rice is a tenor soloist of international fame. He will sing four sacred solos at the evening service at the Bigelow M. E. church on Sunday, June 7.

Mr. Rice, whose solo work at Trinity Chapel, New York, for three years attracted widespread attention, is giving a series of recitals in the larger cities. A few fill-in dates are given to smaller places. This city was fortunate in securing this talented artist who will render his entire program, permitting music lovers here full opportunity to observe his wonderful capacity.

Ex-Governor Bob Taylor, of Tennessee, said: "Leon Rice is one of the sweetest singers I have ever heard. In his voice there are fiddles and flutes and warbling birds mingled with smiles and tears. I listened and dreamed of heaven. I floated upon the silvery tide of his songs until I forgot I was on earth."

His appearance here is a rare opportunity for those who love good music.

A Simple Shingle House—By John Henry Nowson

"Home of Character No. 157"

This little house, of the Dutch colonial type, while inexpensive, is one that possesses a simple charm. The side walls and roof are in shingles and can be stained such colors as would be desired by the purchaser, but the most harmonious scheme would be to have the shingles brown, as also all of the exterior woodwork, with the roof shingles a

very much darker brown and the sash painted white or cream.

The door also has a wooden hall with the dining room and living room on each side and the stairs extending up from the hall to the second floor. The kitchen has an ice room and a pantry and a rear porch with stairs to grade landing and cellar. The second floor has three bedrooms, all of ample size, and a small hall. The attic is reached by a stairway from the second floor and the bathroom is over the kitchen.

This design 32x26 feet would be very attractive with the entire interior paneled white, with birch doors, stained to imitate mahogany. The first floor would be equally attractive in hardwood, stained and waxed.

Could be built in most localities for from \$3000 to \$4500.

If you are thinking of building let The Times Homes of Character Department help you through advice from John Henry Nowson. Address your inquiries to him "Homes of Character Dept., The Times. Give the numbers of houses concerning which you make inquiry."

Champs Bunch Hits Securing Big Lead In The First Inning

Chillicothe, O., June 6.—Breaking away from the "huddle" that has apparently been their undoing some time previously, the Champs ramped away with yesterday's game with their old rivals, the Chillicothe, by a score of 7 to 1. The game was simply a reversal of form from that of the day previous when the Newellians scoring machine displayed wonderful lack of either baseball luck or good playing and victory rested with the 1913 champions after a string of five straight defeats.

Safe hits were nearly equally distributed, but for the Champs they came in bunches, while the River City boys found Autman a puzzle when his teammates pounded Carter hard in two innings for seven runs.

After two men were gone in the first inning Conwell drove a flur over third for two bases, but Hickey rounded out to Nesser. In the second inning, on Hickey's Texas leaguer, Houtz caught of Edwards' fly and a sensational catch by Houtz of Gostrow's high one ended the inning without any more damage being done to Autman's record. The remaining four innings were easy for only two hits were made off the Champ pitcher and neither party.

For the Champs, Gostrow started the heavy work in the opening round by driving a hot one to left field and foul, second on Carter's wild heave past Munson. Parmelee sacrificed, Carter to Edwards and Shovelin cleaned up the home by driving one over the fence. Houtz, Edwards, just off his things along, dropped Gostrow's throw of Nesser's grounder and the runner, went safe. Houtz sent a snatching drive through Conwell and Houtz followed suit by doing likewise for Houtz. Nesser, Friend lined one over short for Houtz, but was out at second on Newellians' grounder for

Assigned To Bench Duty

Another thing hard to define is the bench, and because for Roger Brosna, it's one of baseball's greatest mysteries.

A couple of years ago, although well fortified in the catching department, the club had no catcher. Then, at the helm of the Champs, attached himself to the team, who had just been dropped by the league. WHAT'S THE ANSWER?

One of the perplexing questions of the day for fans is "Does the manager or the players make the team?" Well, think over these examples. Jack Hendricks and his Indianapolis players, which? Charley Hezard and his Cincinnati players? Not hard to discover the answer in these instances. How about this one—Jack Stahl and his Boston Red Sox in 1912?

RACE WILL BE HOT AFFAIR

It appears that the American league race after August 1 is almost certain to be a more interesting affair. Philadelphia, Washington and Detroit are practically assured of being in the vicinity of the top of the list with not so much space separating the trio.

WILL MAKE RESPONSE

Richard Doherty, a member of this year's graduating class, has been selected by the Senior class to make the response in the address of welcome at the Alumni meeting Friday night, June 12.

Reds Lost First Game To Boston

Victory failed to smile radiantly upon the Champs in their first game on Eastern soil Friday with the Boston Braves, the head-on game winning, 7 to 2. Ames opposed Gostrow and the vendor went to Boston by a safe majority. Boston was due to win a game, so it's no wonder, you Cincinnati fans, the Braves' club is almost sure to get an even break on this swing around the Eastern half of the old National.

LITTLE SLAP FOR LEFTIE

Take this one from the Chillicothe Gosh. A lefty was one of the first signs of the double-header was the knock-out of the speedy leftie, Houtz, by a later, who completely outdid the Champs' with his off-handed delivery and a home run, which was a home run, with great ease. The first and only pitcher who has ever lost a game to a lefty was Houtz, who lost to the Braves.

Ohio Coal Strike Now On In Earnest

Columbus, June 6.—A coal strike in Ohio is now on in earnest. The livelihood of 45,000 miners and the preservation of millions of dollars worth of property are involved. Many of the miners seem hopeful, however, that individual operators will sign contracts embodying the miners' demands. Despite this hope, the majority of operators give out the impression that the operators of the state will stand together in their resistance of the miners' demands. At a late hour yesterday the joint convention of coal operators and miners adjourned sine die without reaching a settlement as to wages and other provisions of a proposed two-year contract. Adjournment was taken upon motion of President

McGaw Visitor

Postmaster W. A. Givens of McGaw was a business visitor in the city Friday.

Columbus, June 6. This week is petition filing time among candidates for office. According to the ruling of election officials, next Thursday at midnight will be the time limit for the filing of nomination papers by candidates who want their names to appear on the primary ballots and there is consequently a hurry and bustle among all candidates who have failed thus far to weigh in. Candidates who have not yet formally qualified for the primary light include nearly all of those striving for state positions. Such candidates are expected to file their petitions with their various county election boards and the election boards must forward them to the secretary of state before June 22. Governor Cox is just now beginning to file his petitions and according to an announcement from the governor's office they will contain 60,000 names. Many other state candidates purpose to file many times as many names as are needed. There is a good deal of misapprehension regarding the filing of petitions for constitutional amendments under the initiative

and referendum. Petitions for such amendments need not be filed until early in August or 90 days before the general election in November. These amendments, however, must contain the names of ten per cent of the total electorate of the state and furthermore this percentage must be secured in at least one half of the counties of the state. Primary nomination petitions need contain but two per cent of the party vote and need not bear this percentage in at least half of the counties. For a second time the plan of mediators in the Ohio coal strike has come to naught. Governor Cox who was responsible for the calling of the second joint state convention and coal operators and miners this week is expected to announce some drastic plan of settlement since the convention has adjourned in a hopeless deadlock. It is intimated that the supreme power of the state is to be exercised in the effort to bring about the resumption of the coal mining industry of the state. Before the convention finally adjourned the governor called into conference representatives of the miners, including the national president of the United Mine Workers of America, J. P. White. However, the convention adjourned since the soon after the governor's conference ended.

The Iron Market

Cleveland, O., June 6.—The Iron Trade Review today says: A heavy buying movement in southern iron has developed during the past two or three days and sales from the district will reach about 100,000 tons for third and fourth quarter delivery. The United States Cast Iron & Foundry company alone took approximately 75,000 tons from three or four southern producers, and a number of western consumers have been buying. One furnace interest looked about 40,000 tons. This price paid on this large movement have been from \$10.25 to \$10.50 for third and fourth quarter delivery.

A leading southern maker has sold 10,000 tons of Alabama iron for delivery in England. The iron, it is understood, will go to a large consumer at Hull, and the price realized is reported to have been approximately the present market, on a basis of about \$10.25. Birmingham. A similar sale of Alabama iron was made to this consumer several years ago. The effect of low prices and limited demand for pig iron is shown in the reduced production for May, when the output of anthracite and coke pig iron was 2,096,541 tons, compared with 2,261,501 tons in April. There was a net loss of 14 in the number of active furnaces, following a loss of 29 in April. The decrease in production was the largely to the lessened activity of the steel

works. A still further reduction in output is expected this month. The glum which hangs over the lake trade this summer is reflected in iron ore shipments for May, the total being only 3,852,063 tons, compared with 7,281,212 tons in May of last year. The shipments to June 1, this year, were 4,121,749 tons, compared with 8,150,599 tons in the same period of last year. There is possibly a little more interest than last year in the west in their ore departments, but very few contracts are being made.

WILL GIVE SWORD TO STATE

John Valadin, clerk at Dalton Bros.' grocery, has decided to send the sword of his late grandfather, Judge Joseph Moore, which he used in the war of 1812, to the relic room in the state house at Columbus.

Mr. Valadin has had the sword in his possession for many years. Judge Moore was one of the pioneer settlers of the western part of the county. He it was who laid the stone foundation of Mendonce chapel. The old brick house he built on the banks of the Ohio near the mouth of Upper Twin creek still stands there. Rivermen always referred to it as the "100-mile house" as it is exactly 100 miles from Cincinnati.

good as ever. It is of white pine and its original hinges seem good for many more years of service. The walls of the house are 18 inches thick. A cupboard constructed in the wall is large enough to accommodate a whole wagonload of dishes. Maurice Coe is the present owner of the property, his family now occupying it for the summer.

RESOLUTION PASSED BY BOARD OF TRADE ON ST. RWY. EXTENSION

The Board of Trade at a meeting of its directors held Saturday morning passed the following resolution:

"Resolved, That the proposed loop of the Portsmouth Street Railway and Light company as we understand it extending down Ninth to Washington and thence to Third street has our most hearty approval. That we would be glad to have further details of the changes proposed."

It was stated Saturday by officials of the Portsmouth Street Railway and Light company that

the necessary right of way for talk of loop has not been entirely secured but that splendid headway was being made.

At a meeting to be held Tuesday afternoon, June 10, in the Board of Trade offices the directors will look into the proposed overhead crossing that the city and N. & W. are planning to build jointly in the East End.

This meeting will be open to the public and the directors would like to have as many citizens as possible arrange to be on hand and hear this matter discussed from all angles.

Mayor J. S. Davis it is understood, is thinking seriously of buying an automobile.

Active steps toward the erection of a moving picture show in New Boston were taken Saturday morning when Mayor Davis had several loads of brick hauled to the site. The building will be 41 feet wide and 100 feet long. The front will be of pressed brick. Cal Harris, who has the contract for the work, will rush it to completion. The theatre will be erected on the corner of Center street and Gallia pike just east of Ben Emerson's saloon. The four large sign boards on the lot will be razed Monday.

Affidavits Of Two Scrappers Are Both Dismissed By Mayor

After a thorough review of the evidence submitted Saturday morning, Mayor Fitch dismissed the affidavits against Ignazio Jones, a local shoe-maker, charging assault and disorderly conduct, filed by John Reilly, also of this city. The mayor held that the evidence was not sufficient to establish Jones' guilt beyond a reasonable doubt. At the same time an affidavit filed against Reilly by Jones, charging assault, was dismissed for a like reason.

Jones' arrest grew out of an alleged assault made upon Reilly near the upper ferry on the evening of May 27th. Reilly claims that Jones cursed and abused him because he was a "big" man, and followed that up by charging him a violent push on the left shoulder. To support his case, he offered as evidence the testimony of five lads, ranging in age from 12 to 16 years, his son, John Reilly, Jr., Maurice Cox, Paul Davidson, David Grimes and Elmer Warner, all of whom were bathing in the Ohio river at the time of the alleged assault. Of the number, young Warner identified Jones as the man who attacked Mr. Reilly, but the other four were not asked directly to identify him.

Jones was defended by Attorney N. B. Gilliland. The name of Jones' companion at the time of the supposed trouble could not be ascertained by the police.

The mayor continued the case of Belle Cover, against whom an affidavit charging her with living in adultery with one George Price, was filed Friday morning by her husband, Martin Cover, until Monday morning, at which time he will enable both sides to bring their witnesses into court. An affidavit was also filed against Price, but he has left town and could not be apprehended. The present suit is a sequel to a divorce action heard some time ago in the court of common pleas, in which Cover was defendant. Mrs. Cover pleaded not guilty, and stated that she would be abundantly able to establish her innocence of the charge, which, she says, is prompted solely by revenge.

Elmer Webb, formerly of Franton, but now employed by Keller Brothers, local contractors, was arraigned before Mayor Fitch Saturday morning on an affidavit charging him with defrauding Levi. At that time, the man's parents, who are out of a court suit amounting to \$4.50, Webb admitted that he owed the amount, but pleaded ignorance.

Track Stars In Contest

Chicago, June 6.—Track stars from 25 colleges of the middle west and Pacific Coast battled for honors on Stage field here this afternoon when the four-

teenth annual track and field championship of the inter-collegiate conference athletic association opened. Illinois University was the favorite in the betting with Chicago University a close second but Stanford and Wisconsin were believed to be in the running and California was better than a forlorn hope.

"The Best Investment I Ever Made in My Life." Writes Drink-Cured Man

"The best investment of time and money I ever made in my life were the three days spent with you at the Neal Institute last summer," writes a Pennsylvania business man who came from the Keystone State to the Neal Institute, where all desire for liquor was quickly taken from him. Harcha Is Making A Splendid Fight

John Harcha, the popular Buena Vista postmaster, is meeting with great encouragement in his candidacy for the Republican nomination for sheriff.

Mr. Harcha has been spending nearly all of his spare time in the city and is meeting with promises of support from unexpected quarters. John is essentially a self-made man. Born of good sturdy old German parentage, he worked his way through life from the ground up, commencing as a water boy in the stone quarries back of Buena Vista when but twelve years of age. During his early manhood he worked in the old Caden stone mill at Buena Vista. He has been postmaster of that village for the past 17 years and no faithful and painstaking has he performed his duties that inspectors come and go with a haste as though old Uncle Sam himself were holding down the village

job. John has invested considerable of his hard earned savings in Portsmouth real estate. It is the first time he has been before the people as a candidate for county office.

clues to the process of labor last week, you never saw the result of our May fair, but allow me to say that we are not handing any padded account of our doings to the public. The May fair had as hard a time to exist as warm days in the month of January up North. But, aside from the cold water process

through which it passed, we had a total receipt of \$97.00. I feel indebted to my constituency and their followers. It is a step upward for us to have been able to endure and abide our time.

On Monday night, June 8th, Miss Mays will render a program for us at Findlay Street church. Miss Mays is the double-voiced singer. You can only enjoy her by hearing for yourself.

The debates we have been carrying on have been of interest to all who attend and the flag seems not to drag in the dust.

The service last Sunday night carried along all that is necessary to make it a religious gathering. Everybody was at church, but you, and you ought to be ashamed.

Now is the time to show your loyalty and fidelity to your church, so come and be one of the builders of this coming church. Our motto is "Progress" and first aim is to build. The installation will take place shortly and we need all the members to join with us. Friends are welcome to all these services.

Miss May, of Indianapolis, will sing in the morning services, and as she is known as one of the most beautiful songsters of our race, she should be heard by a large congregation.

Miss May will also sing at the church Tuesday night, under the auspices of the Piano Club.

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio—"I would be very grateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women." Mrs. ORPHEA TURNER, 481 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be open, read and answered by a woman, and held in strict confidence.

VICTIM OF SNAKE IS LAD TO REST

The remains of Ralph Cooper, the Upper Twin creek boy who died from the effects of a rattlesnake bite were buried at Brushy Fork Saturday. It is said that the overheated condition of the boy's body, he having been working in the hot sun hoeing corn, caused the poison to spread so rapidly through his system and place him beyond medical aid. The rattler had 17 rattles and a button.</

At The Exhibit

"The Air Torpedo," one of the most realistic dramas ever produced in the motion picture world will be shown at the Exhibit theatre tonight. This feature is a three reel affair and is a Warner special and that in itself is enough to insure its goodness. Warner is right now in the front rank of producers and the specials are of the highest possible class. "The Air Torpedo" is a thrilling drama, giving the most accurate insight into the possibilities of modern warfare as carried on by intrepid scouts of the air in piloting their flying machines into a hostile country and totally destroying the whole army by dropping explosive bombs.

In "The Air Torpedo" is a pretty love story that has such great climaxes that a spectator is held in breathless suspense. Be sure and see this most wonderful feature.

Manager Law announces that as an added attraction he has secured a comic that is side splitting from start to finish. Tonight's patrons of the Exhibit are assured of an evening of splendid enjoyment. The program is not only of the highest possible class, but the interior of the theatre is cool, comfortable and sanitary, while the musical features cannot be improved upon.

Scene

Today's big feature at the Scene is the big Warner feature in four parts, "Zingo, The Son of the Sea," the most sensational, the most fantastic, the weirdest, and the most enthralling story ever told in motion pictures. "Zingo, The Son of the Sea," was produced at a tremendous cost for the sole purpose of providing humorous entertainment. As you watch the antics of Zingo and his funny crew of sailors you must realize that the extraordinary impossible situations from which they escape so easily, were never meant to be taken seriously. Throughout this extravagant production you will find numerous scenes as fantastic and original as to bewilder and amaze you. Zingo will provide an evening's entertainment of such pleasing character that you will enjoy every minute that the picture is on the screen. Come and be thrilled by Zingo and laugh at his antics and forget your troubles for a night.

"A Pawnee Romance," a rip-roaring western comedy, will wind up this splendid program of five reels of humorous pictures. For Monday the Scene has secured the big 101 Bison feature in three parts entitled "The Dangers of the North," a thrilling story of the South African war featuring Herbert Hawthorn and Edna Nelson. "Dangers of the North" is a marvel of realism, a stirring war story you can't afford to miss.

Lyric Features

The second installment of "The Perils of Pauline" in three exciting reels, will be shown at the Lyric on Monday. This second episode in the career of the petulant Pauline is just teeming with adventure and real excitement from start to finish; right away the villain gets busy and the hero has a strenuous time of it rescuing the fair lady from all kinds of dangers. A special feature in this number is a thrilling race in an airship, which is wrecked in mid-air and is seen to fall with the occupants to a heap of wreckage to the ground. This incident alone will startle you.

On Tuesday the Lyric will show a Vitaphone special feature called "He Never Knew." It is positively one of the finest dramatic

stories ever turned out by this great company. Mr. Mack showed this picture once before on a night that it rained so hard that there were only a small attendance, and he thinks so much of it that he brought it back again; and it is worth coming to see, rain or shine. The big special for Wednesday is a four-reel war story staged down in Mexico with Uncle Sam's marines. It's a great picture and especially interesting at this time as it has for its background many of the places of interest that you are reading about daily.

Brady Theatre

The program at the Brady for tonight is one that you should not overlook in selecting a place for your evening's entertainment. We will present Constance Cravley and Arthur Maude in H. Rider Haggard's great romance of love and war, "Jesse," in four parts. Romance and adventure are crowded into every foot of its four big reels. The beautiful love and devotion of "Jesse" for her sister Jess will win your admiration and hold any audience spell-bound throughout its entire length.

The scenes of this play are laid in England and South Africa in the days of the Boer war. On the screen will be shown much fighting around Pretoria which lasted for many weeks. More than a thousand soldiers are seen in different engagements. A one reel comedy will be shown with the above making five reels of pictures. A special and appropriate musical program has been arranged for these pictures. Let us show you that we are producing the goods.

THEATRICAL

A Sherlock Holmes Play at the Casino

Who is there who doesn't love a detective story? And where is the man who doesn't simply revel in a good detective play? If such a type of human does exist, he is so decidedly in the minority that he doesn't count.

At Millbrook park next week the Casino players are going to present a thrilling mystery play, "The Lost Treasure," dramatized by Mr. Graham Earle. This is a strong exciting story introducing Sherlock Holmes and showing some of his clever work. The story deals with a hidden treasure, the discovery of its existence, by its rightful owner, the search for it and its final seizure. Sherlock Holmes' shrewdness, cunning and wonderful skill in finding and following the slightest sort of clue is truly amazing. And the love interest he takes in this particular case adds just the heart touch needed to round out the play and make it one of the most complete and exciting on the stage today. Mr. Tharlow White will be seen as Sherlock Holmes. Mr. Jones, the heavy man, as Small, the unscrupulous convict, will add greatly to his popularity.

Miss Wayne portrays the part of Miss Morton, to whom the treasure rightfully belongs. One of the most fascinating figures in the east is Wiggins, played by "Black" Wiggins, a street urchin, a tremendous admirer of Holmes and an inept detective. He is a sharp, shrewd little rascal and is often of inestimable value to Sherlock Holmes. In the hands of Mr. Regan this promises to be one of the most entertaining characters in the play.

Dorothy Lewis will also come in for her share of laughter as the love-lorn housekeeper, which she renders in her inimitable way. Other members will be well cast. Matinees in the future will be Thursdays and Saturdays instead of Wednesdays. Dancing after the performance will be one of the features. Remember, if you want to pass a pleasant evening don't fail to see "The Lost Treasure."

It will give Miss Anna Egbert, a very clever actress, a chance to show her versatility. Dancing after the matinee in charge of Ethel Walls promises to be popular with devotees of this form of amusement.

Touring Car Burns Near Manchester

Manchester, O., June 6.—A \$1,000 12-passenger touring car belonging to an Ironton transfer company and operated between Manchester and West Union by Earl Hayslip, at a late hour Friday afternoon was totally destroyed by fire two miles from Manchester.

At the time of the accident Otis Black, an expert repair man, was at the wheel. The three occupants escaped with slight burns. The origin of the fire is not known. It was probably insured by the Ironton firm. It was brought here by Hayslip about ten days ago.

Minister Presented With Bag Of Gold

Rev. Henry D. Waller, a son of the late ex-Mayor George Waller, of this city and brother of Miss Clara Waller of 707 Sixth street, and George Waller, Jr., of New Boston, was handsomely remembered on the occasion of his twenty-fifth anniversary as rector of St. George's Episcopal church at Flushing, Borough of Queens, New York City, June 1st.

Rev. Mr. Waller was presented with a \$1,200 purse of gold and informed that a traveling library had been dedicated in his honor. In the evening a reception was given the rector in St. George's parish house which was attended by about 500 members of the parish and the rectors of neighboring churches. Besides the purse given by the adult members the

rector was also presented with a purse of \$5 as a gift from the children of the Sunday school. The Flushing Daily Times contained a two column account of the celebration a feature of which was the publication of the first sermon preached by Rector Waller when he assumed the pastorate 25 years ago. Among clergymen present was Rev. H. O. Laid, rector emeritus of Grace church, Jamaica. Rev. Mr. Waller was ordained by Bishop Jaggard in Philadelphia thirty years ago and before going to Flushing was located in Pittsburgh. At the annual convention of the Episcopal diocese of Long Island held at Garden City recently he was elected a member of the committee on church charity foundation.

C. & O. To Conform With New Rates

The C. & O. railway will conform with the new tariff effective in Kentucky June 15th, but the rates from Portsmouth, Ohio, will not change until July 1st.

The fare from Portsmouth will be 5 cents higher than at South Portsmouth as no more ferry rebates will be given.

The new rate in Kentucky is 2 1/2 cents per mile as against 3 cents per mile now. Under this rate the fare from Portsmouth to Cincinnati should be \$2.50, but the old rate of \$2.50 which has prevailed for many years will remain in effect with the exception that no 5 cent rebate will be allowed for ferrying. The fare from South Portsmouth to Vanceburg will be less or 60 cents as against 65 cents as at present.

The present round trip rate of \$1.30 may also remain in force.

The company will also inaugurate a free baggage delivery system and will establish a baggage room in the rear end of its city ticket office in the Turkey building for that purpose. All baggage to and from Portsmouth will be received and delivered free of charge. In the past the company has always charged for this service.

FILE ANSWER FOR THE N. & W.

Attorneys Bannon and Bannon, for the N. & W. Railroad company, filed an answer Saturday morning in the court of common pleas to the petition in the \$10,000 personal injury case of Julia Hoesy, administratrix of the estate of her late husband, Daniel E. Hoesy, against the N. & W. company. The widow seeks to recover that amount of damages for the death of her husband, who was accidentally killed on March 1, 1912, by being run down by a N. & W. freight train at the Kendall avenue crossing in this city.

In the answer the attorneys for the railroad company claim that the victim was guilty of contributory negligence in not taking the ordinary precaution to note the approach of the train. Attorney Theodore Funk represented the plaintiff in the case.

Reform Idea Proves The Right Thing At Ohio Penitentiary

Columbus, June 6.—The average daily population of the Ohio penitentiary has decreased 16.

Fewer "repeaters" are being received than ever before.

There are more first terms now in prison than at any time in the state prison's history.

Conditions inside the penitentiary are decidedly improved and prisoners are given that "one more chance," if found worthy, which benefits the prisoner and society as well.

These are a few of the results of the first year of the new "make men" policy as applied to the Ohio Penitentiary by Governor Cox, the Ohio Board of Administration and Preston E. Thomas, the first trained penitentiary to occupy the warden's office, and who is directly responsible for the new idea administration in the Ohio Penitentiary, once notorious, now noted for its methods of caring for law breakers.

On May 1, 1913, Thomas assumed charge of the Ohio Penitentiary and immediately began making rapid changes in policies that at first caused gasps of astonishment from those who regarded the institution as a place for punishment only.

Retributive justice, which has held sway from the very beginning of things, has given way to one idea of reform, where ever it can be effected. A year ago reformation was placed as the "headline" in the new program of the Ohio Penitentiary management and earnest endeavor is made to turn state prison inmates out into society better men than when committed. To accomplish this all the efforts of Warden Thomas have been devoted to improving the prisoners mentally, physically and morally.

While not every inmate is susceptible to reformation, the Warden's efforts have borne fruit, as is shown by the fact that "repeaters," men who are re-committed, are becoming fewer. Out of 754 prisoners discharged in the first calendar year of Warden Thomas' administration only fourteen have been re-committed. In the same period 743 prisoners have been received at the penitentiary.

Of the 1639 inmates of the prison on May 25, there were 1331 serving their first term in the Ohio Penitentiary.

The honor system has been developed until now the Ohio Penitentiary is far in the lead of any other state prison in this feature of management. Three hundred prisoners are working at seven widely scattered points in Ohio. Half a hundred are at

Junction City, manufacturing brick for the state's use; 30 are quarrying stone west of Columbus; 50 are working the farm of the Dayton State Hospital; 20 are employed on the Penitentiary farm, 18 miles south of Columbus; a score are tilling the new Prison farm in Madison county, and others are employed at the various state institutions.

Appreciating the efforts of Warden Thomas and the state in their behalf, a very small percentage of the honor men have betrayed the trust placed in them. Of 550 prisoners sent outside to work only 24 have walked away. Sixteen of these have been recaptured, leaving but eight of the 550 at large as fugitives.

Mohammendan Church and School in Albania Burned Many Months After Balkan War

This photograph shows the destruction wrought by Serbian troops in Albania many months after the Balkan war. The photograph was brought to the United States by W. W. Howard, who has travelled extensively on foot through Mohammedan Albania to learn of the cruelty of Serbian troops. In the foreground of the photograph are the Rev. T. B. Kennedy, an American missionary, and Aziz Effendi, local official of the town.

The picture, taken in October, last year, ten months after the Balkan war had closed, shows the ruins of a school and a church at Koinic. The Serbian troops sent out in companies and regiments, had ravaged the territory. They

burned the homes, churches and schools of the helpless Mohammedan Albanians wherever found. When Mr. Howard tried in London to get church authorities interested in preventing this work, he was told he was "attacking the Christian religion." Now he has come to the United States to raise funds to help the Albanians, who are

starving at the rate of 50,000 a year. He has established the Albanian Relief Fund at 30 Bible House, New York City, and he hopes to raise sufficient money to help these people. He has asked American farmers to send seed corn so the suffering may have a crop this year. Without it more will starve to death.

"WE ARE READY FOR THEM" WRITES A PORTSMOUTH BOY FROM CITY OF VERA CRUZ

Karl Strickland, aged 22 years, a Portsmouth young man, for the past six months has been history made such as comes but seldom in a life time, he having been in Vera Cruz, Mex., harbor since January 28th.

Strickland is a member of the Seventh company, Second regiment, U. S. marine corps and was stationed at Panama when the Battleship Connecticut was ordered to Vera Cruz to protect American interests there. When that support was ordered occupied by Uncle Sam's forces he was transferred to the Cruiser Chester. At present he is on duty in the city and camping in a railroad roundhouse there. In his latest letter to a brother he writes:

"Everything is pretty quiet here now. On the 18th things were stirred up a little by a report that General Maas, the Mexican commander who had evacuated the city at the approach of the Americans, had decided to attack Vera Cruz with his twelve thousand men and slaughter all Americans.

"We were certainly ready for them. On the left of them we had ten batteries of field artillery and a large number of infantry. On the right of them we had all the

battleships in the harbor. In case of a night attack the ships can turn their searchlights on them and make it as light as day on the sand hills over which the enemy must cross. We are guarding the gully, which is about 300 yards wide, where General Winfield Scott lost a large number of men in the Mexican war. Unless they try to come across that some spot their chances of invading the city are very slim. Every evening at dusk we go out in the trenches for out post duty. The city is surrounded by sand hills.

"It is sure sandy and hot out there when we are on our bikes or running skirmishes. This city is one of the most unhealthy on the map. The flies and mosquitoes are as thick as buzzards. This is certainly a fine season for buzzards. They are getting nice and fat from picking on these greaser

bones. I was just looking out of my tent awhile ago at the dumping place of the city cleaning department. There are three garbage wagons out there and about 300 women and children are surrounding them. They are worse than buzzards. They come around our kitchen and take the garbage out of the cans and eat it.

"I am feeling fine here. We get all we want to eat and have plenty of good water to drink. One of our dollars is worth three of theirs. The Mexican dollar will buy about as much here as 75 cents of our money in the States.

Strickland is a son of Henry C. Strickland, of No. 1806 Grandview avenue, a stationary engineer at the Harbison-Walker brick plant. Before joining the marine corps a few years ago the young man was employed at the Portsmouth steel plant.

Schumann-Heink's Secret Still Kept

Chicago, June 6.—Madame Schumann-Heink, the famous contralto, who is suing William Rapp, Jr., or a divorce, may be forced to give up her trip to the Wagner festival at Bayreuth on June 15.

The diva had hoped to leave Chicago tonight with her divorce in her pocket, but when court convened today it was understood that the defense would not complete its case before the middle of next week. "I shall stay here and attend the hearing until the case is decided," declared the singer.

Thirty-six typewritten pages of

depositions remained to be read into the case as evidence when the trial, who is suing William Rapp, Jr., or a divorce, may be forced to give up her trip to the Wagner festival at Bayreuth on June 15.

The depositions dealt with the alleged relations with Mrs. Kidder E. Dean, the New York correspondent. The curiosity of divorce "fans" regarding the star's "life secret" remained unsatisfied today.

Mr. Rapp declared the secret would never pass his lips. "If it is told it will come from madame herself," he declared. "I hope it may not be necessary to bring it into this case."

FINE ORCHESTRA WILL BE HEARD DURING CHAUTAUQUA MEETING HERE

That in critical Columbus where the best music is heard, the Ziegler-Howe Orchestra is held in the highest esteem, is shown by the following press comments. There are also given expressions from critics in New York, Berlin, New Haven, Connecticut and other musical centers. The Ziegler-Howe Club is to play here on the opening day of the Redpath Chautauqua July 2.

Press Comments
It has been a long time since I have heard so many expressions of approval of a concert as I heard Friday afternoon at the Hartman Hotel. The occasion

was the premier concert of the Ziegler-Howe Orchestra Club and at the outset it needs be said that this organization merits the cult in this city. The playing of the club came as a distinct surprise to most of the audience present—Oley Speaks, Musical Critic of the Ohio State Journal, Columbus.

Mr. Franz Ziegler's appearance at the Sing Akademie was the signal for hearty applause, and his splendid rendition of the grand concerto in G minor, by Bruch, as received with spontaneous approval.—Berlin Tageblatt, translated.

SUNDAY SCHOOL ASSOCIATION IS OUT OF DEBT

E. L. Barrett, of Springfield, treasurer of the Ohio Sunday School Association, and for 25 years member of its executive committee, is authority for the statement that when State Secretary C. W. Shinn reports to the state convention at Youngstown, June 16, 17 and 18 that the Ohio Sunday School Association is out of debt, it will be the first time this has been true in a quarter of a century.

It is a fact that Mr. Shinn, one of the youngest men who ever has had charge of the state work, was able to wipe out completely in two years the debt which has been 25 years in accumulating. In recognition of this fact, and the further one that Mr. Shinn is to leave the association to accept a more remunerative position in Toledo, arrangements are being made to present him with a model in testimonial of the work he has done.

Goodbye Whiskers

Squire W. P. McGlone has just discarded that healthy crop of long flowing whiskers.

When Mahel and Tossia, Who both are quite drowsy, Go out for a stroll in the park Their garments so skimpy, Transparent and skimpy, Seem mostly a take off—but mark.

When they take a notion To dip in the ocean They pile on such tubdub galore, Such bustles and ruffling, Such flouncing and puffing, That even the ocean waves roar.

at the belt and a wreath of the waterproof gardenias on a smart green crush satin hat that completes the veridat set up.

A striking black taffeta suit has hectic pinnies and bustle of futurist silk and a V shaped inset of the same placed point downward in the skirt. Another purple satin suit panned in poisonous purple and green striped silk has a bunch of violets at the belt.

A bright red satin shows a skirt entirely composed of four scalloped ruffles. The penchant of fair bathers for this scallop trimming is probably accentuated by the desire to prove that quite as many good scollaps go into the sea as come out and are, as delectable with satin dressing as the deep sea scollaps with a dressing of tartar sauce.

The newest sandals are in bright satin to match the bathing suit and are built like the late tango slippers with divers straps. Nothing could be more apropos than a deep sea green slipper with divers straps to cover an underfoot, now could there? The sandals that perform the aquatic feat of covering bathing feet and the chic flower trimmed hats that top the hirsute waves that top the ocean waves are not the salient features of the newest bathing suits however. The really striking innovations after all are the superabundance of buffed bustles, pinnies and puffs. The minute you get one on you you are bound to belong to the floating population.

Believe Propeller Was Lost

Some motor boat owners place no credence in the theory that the propeller and drive shaft of W. A. Pepper's old motorboat were stolen a few days ago. They say the boat broke loose from its moorings at the wharf dropping down to below Capehart's boat where it was caught by John Irwin, a polisher at the Ohio stove foundry. It was in towing it back rapidly that the shaft and wheel pulled out of position and sank in the river, they think. The boat is now owned by Ralph Tyson, draughtsman at Architect A. W. Devoss' office.
